

KHALED MOHAMMED FARES

Senior Fullstack Engineer Email: kfares29@gmail.com | **Phone:** +20 1149521131
Location: Cairo, Egypt | **Links:** [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Performance-driven Senior Fullstack Engineer with **8+ years of experience** specializing in scalable web architectures and intuitive UX. Expert in **React.js, Node.js, and TypeScript**, with a proven track record of leading frontend teams and integrating complex data analytics (PowerBI) into enterprise fintech platforms. Adept at modernizing legacy systems and optimizing performance for high-traffic environments.

TECHNICAL SKILLS

- **Languages & Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3/SASS.
- **Frontend:** React.js, Redux, Next.js (SSR), Styled Components, Data Visualization.
- **Backend:** Node.js (NestJs), RESTful API Design, SQL, Web Scraping.
- **Tools & Processes:** PowerBI Integration, Git/GitHub, Agile/Scrum, CI/CD, Legacy Refactoring, Code Reviews, Technical Leadership (Epic Leads).

PROFESSIONAL EXPERIENCE

CEPRES | Senior Fullstack Engineer | 2021 – Present

- **Architected** enterprise-grade financial analysis widgets by integrating core platform data with PowerBI, significantly enhancing visualization capabilities for private equity clients.
- **Refactored** complex legacy React.js codebases, reducing technical debt and increasing system stability by 30%.
- **Spearheaded** technical "Epic" initiatives, managing the full development lifecycle from requirement gathering to deployment.
- **Mentored** junior developers and conducted rigorous code reviews to maintain high engineering standards and performance benchmarks.

Taqdeer | Senior Frontend Developer | June 2020 – 2021

- **Developed** a high-performance vehicle damage assessment interface used in government-accredited systems in Riyadh.
- **Ensured** 100% compliance with international automotive data standards through precise frontend validation and logic.
- **Optimized** frontend performance and accessibility, resulting in a 20% increase in user efficiency for field inspectors.

Bonat | Frontend Team Lead | March 2019 – Feb 2020

- **Directed** the frontend engineering team, overseeing task delegation, sprint delivery, and quality assurance for a high-growth F&B loyalty platform.
- **Engineered** sophisticated analytics dashboards and multi-step data entry forms using React, Redux, and D3-based charting.
- **Collaborated** with product owners to translate business requirements into technical roadmaps.

Bodyhub | Frontend Developer | Feb 2018 – March 2019

- **Built** an end-to-end e-commerce Single Page Application (SPA) for a German sportswear brand, handling everything from product cataloging to secure payment integration.
- **Improved** mobile conversion rates by implementing responsive design and optimizing asset loading times.

RiseUp | Fullstack Developer | Sept 2017 – Jan 2018

- **Implemented** Server-Side Rendering (SSR) to enhance SEO discoverability for the MENA region's largest innovation summit.
- **Developed** custom high-performance UI components, including a specialized multi-slider system for event scheduling.

EDUCATION

Bachelor of Science (B.Sc.) in Mathematics and Computer Science Faculty of Science
